The 10-year-olds (and 9 years old in the year you turn 10) have the free choice between the IAME Mini and IAME Mini Rookie classes.
- The age and experience of the drivers are starting points for placing in one of the two classes.
- The IAME Mini Rookie class is considered the starter class for first-year IAME Mini drivers.
- The first 8 classified drivers in the Final Standings IAME Series Benelux class IAME Mini Rookie 2023 must, if they want to participate in the IAME Mini or IAME Mini Rookie classes in the 2024 season, participate in the IAME Mini class regardless of their age. It is possible to deviate from this rule on request, whereby the final decision is reserved to the organisation.
- The organization is authorized to determine whether a driver - regardless of his age - should start in the IAME Mini or IAME Mini Rookie class, based on the experience gained by this driver in one of these classes or comparable classes in another competition.
- If a driver, who has reached the age of 11, submits a request to start in the IAME Mini Rookie class as a first-year IAME Mini driver, the decision lies with the organization.
